Admissions Committee

Dear Admissions Committee,

I am writing to strongly recommend Youssef Erfan Hassan for admission to your university. I had the pleasure of getting to know Youssef as my son's swimming instructor shortly after we moved to Abu Dhabi. Adjusting to a new city can be overwhelming, but Youssef made this transition easier by being someone we could trust and depend on from the very beginning. Not only was he a wonderful instructor, but he also provided me with great recommendations about the city, which helped my family settle in more comfortably.

I was immediately impressed by his professionalism and how organized he was, especially for someone so young. He took the initiative to provide me with a detailed brochure about his swimming lessons, which was not only informative but showed a level of thoughtfulness and entrepreneurial spirit that is rare to find. His responsibility and punctuality always gave me confidence that my son was in good hands.

What stood out even more was how he made each lesson both fun and educational. He has a wonderful way of connecting with the children, making them feel comfortable and motivated to learn. My son absolutely loved his time in the water, and it was clear that the other kids did too. Youssef created an environment where learning felt like play, which I believe is a gift when working with young children.

I am confident that he will carry these same qualities—his sense of responsibility, initiative, and warmth—into his university experience. He is a bright, capable young man with a genuine passion for what he does, and I believe he has a very promising future ahead of him.

If you need any further information, I would be more than happy to provide it.

Sincerely,

Valentina Cordero
