

Ms. Beth

*“Youssef is an incredibly kind, mature and dedicated young man who has been coaching my 5 year old son in swimming over the past few months.*

*Youssef is a patient teacher who took the time to build a relationship with my son to support his focus and attention. In just a short period of time I could see a remarkable difference in my son's swimming ability as well as his confidence in approaching the lessons. Youssef's approach to swimming coaching provided my son with fun but challenging lessons where after every lesson he felt a huge sense of achievement. He motivated him to be the best, try his best but most of all enjoy his time in the water.*

*I know that Youssef would be an asset to any University Institution. He is dedicated to his studies as well as his self development teamed up with the fact that he is such a genuinely caring and person centred young man he is set to achieve great things.*

*Yours Faithfully,*

*Beth Henderson.”*
