

Abu Dhabi, September 2024

To whom it may concern,

For the past 7 years, we have had the pleasure to coach Youssef Erfan since he joined 4th Lane Swim Academy.

Based on our experience with him we are proud to, and have no hesitation, in recommending him as an excellent teammate, phenomenal athlete and great role model.

Working with Youssef is a tremendous privilege, as he demonstrates all the characteristics of a true athlete. He has shown incredible strength, commitment and passion for his chosen sport since day one.

He shows courage when faced with challenges and is very resolved. Youssef approaches situations with a positive attitude and always shows humility and gratitude during his triumphs. He is a great example to fellow athletes, demonstrates great leadership skills and will be a great inspiration especially to younger swimmers.

Youssef had to work very hard and overcome many hurdles in order to consolidate himself as a robust and confident swimmer. I strongly believe his main talent is having the strongest desire to pursue his ambitions, and an outstanding capacity to work for them with tremendous energy, a positive mindset and great determination.

Yours sincerely,

Roger de Manresa
Swim Director & Head Coach
